We will need accurate name, phone number, and quantity for each animal at the time of drop off.

Extra \$0.25 per pound for a quarter of a beef. If one customer can do the order and they can split it after pickup that is the way we recommend. Quarters must have identical steak orders.

Hog cut instructions MUST be in by Friday at noon. We are not open on Saturdays, and hogs are processed on Mondays. If instructions are not in by Friday, the customer will receive a standard cut (pork chops and pork steak at ¾", smoked and cured ham and bacon, ham will be cut in half, bulk sausage)
